PROFILE

I'm a computer science graduate with a knack for building applications from the ground up. I thrive in the full-stack world, where I can leverage the power of technologies like NestJS, NextJS, ReactJS, and Express to craft robust application. Worked with DB systems SQL Server or MongoDB.

EDUCATION

bachelor   2020
Faculty of Computers & Artificial Intelligence   Beni-suef, Egypt

SKILLS

- Typescript
- ExpressJS
- ReactJS
- MongoDB
- Redux | Redux toolkit
- NestJS
- NodeJS
- NextJS
- SQL Server
- GraphQL

LANGUAGES

Arabic • English

PROJECTS

CarePulse
CarePulse is a comprehensive solution to streamline healthcare management, making it easier for both patients and administrators

Feather Blog (NestJS Back end)
a powerful blogging platform built with NestJS.

Feather Blog (NextJS Back end)
a feature-rich blogging platform built with Next.js 14.

University Exams System
A system for BNS University to manage exams day, students' absence, cheating in exams, exams table, and the picture and sitting number of each student in the current exam.

Anonymous Messages App (Saraha)
The Saraha App is an anonymous messaging app built with Node.js, Express. It allows users to send anonymous messages to each other without revealing their identity.

GitHub User Finder
This project uses the GitHub API to get user repositories and followers, as well as what the user is following. It was built using:

Books Tracker
This is a book tracking app that divides your reading list into 3 shelves: 1 - Currently Reading 2 - Want To Read 3 - Read. This was the final project in the Udacity React training.

Pizza Hut Clone
This is an attempt to make a design for the pizza hut website [Egypt]. The entire app is front-end with no framework.

PixelStock: A Powerful Media Access Platform
PixelStock is a cutting-edge React application leveraging the Pexels API to provide users with seamless access to high-quality videos, photos, and curated collections for enhanced navigation.

Countries API with React.js 🔗

Day and night Athkar 🔗
Ramadan project for muslim athkar.
